WE DIGITALIZE AND AUTOMATE EVERYTHING WE CAN IN **ACCOUNTING PROCESS**

Confidentum is technology-focused accounting company that offers its clients modern, innovative and effective solutions, therefore we use **smartbooks.lv accounting software for our services.**

COMPLETE ACCOUNTING SYSTEM FOR COMPANIES IN LATVIA

We integrate modern technologies and use various systems in our accounting services. **Why do we do this?** - It helps automate many routine tasks to **reduce the risk of human error and improve the speed and efficiency of the service we provide.** This, undoubtedly, helps our clients achieve efficiency and accuracy.

TECHNOLOGIES AND INNOVATIONS

Modern Software

We use advanced online software that automatically generates and sends payslips, prepares bank payments, and provides reports on unused vacations and other important data.

Algvedis.com

Our software is available online at Algvedis.com, and you will have a license that ensures all data remains your property and is always accessible, independent of us.

Expense and Travel Reports

Employees can conveniently submit expense and travel reports using the CostPocket phone app, Dropbox, or email.

SAFETY AND QUALITY

Work Guarantee and Insurance

We guarantee our work, and our services are insured up to 25,000 EUR. Our employees are experienced, regularly trained, and fluent in English.

Task Control System

Each task has checklists detailing the process, deadlines, and client requirements to ensure precision and timely completion.

Chief Accountant Supervision

The work of our accountants is supervised by the chief accountant, ensuring data accuracy and security, guaranteeing the sustainability and control of the service.

WHY YOU SHOULD CONSIDER CONFIDENTUM as Your partner

Our accounting services are conducted **entirely online**, ensuring convenience and accessibility for our clients.

- Your accounting team (licensed accountant, a bookkeeper, and a payroll specialist) - **all fluent in English**.
- We guarantee prompt **responses** to your inquiries, with an average turnaround time of just **3 hours**.
- Each month, **you will receive a reminder email** via our client portal, including a submission checklist, ensuring alignment and clarity on tasks for all involved parties.
- Additionally, your documents will undergo regular review by our **internal auditor**.
- Our processes are meticulously documented, accompanied by checklists for each task to ensure **consistent quality, timely delivery, and no oversight**.
- **Document exchange** occurs seamlessly **through our client portal**, email, or a shared Dropbox folder.
- Moreover, **you have the option to access our user-friendly accounting software**, facilitating tasks such as invoicing, thereby streamlining processes and reducing expenses.
